Rest assured our new 11 EER units are specially designed for the modular market, delivering the efficiencies you need to meet all state and federal codes, as well as the durability, flexibility and reliability the industry demands. Easy installation and unmatched serviceability are still the standard with every Bard system, and there are some exciting new features that can help you set your buildings apart from your competition.

As the industry evolves, we’ll be there to drive the next generation. That’s how we became the leading HVAC supplier. And that’s why we are Made for Modular.

Breathe easy. You’ve got Bard.

modular.org
Hello Readers,

The latest issue of the Modular Advantage is our directory issue, featuring contact information for all the suppliers, manufacturers, contractors, owners, and fleet owners that are members of MBI. These companies support our association with their dues, sponsorships, and time in an effort to help improve the modular construction industry.

We encourage you to consider doing business with these MBI member companies when the need arises. We also encourage you to support the MBI Seals program, the commercial modular industry’s only labelling program dedicated to removing barriers to growth, addressing excessive regulations, and pro-actively advancing the mission of MBI.

For the most current version of our member directory, please visit the “find a member” page at www.modular.org. As always, if you have any questions, concerns, or ideas, please feel free to contact any member of our team at MBI.

Thank you for your continued support.

Tom Hardiman

Executive Director
Modular Building Institute
MODULAR CLEAR SPAN STRUCTURES

RODER Group is an international specialist with over 60 years of experience in the modular industry. Our MODULAR CLEAR SPAN STRUCTURES are engineered to be cost effective and customised to achieve the highest levels of customer satisfaction. We provide comprehensive one stop solutions for all kinds of projects.

ONE STOP SOLUTIONS

01 | Planning & Design
02 | Engineering
03 | Manufacturing
04 | Shipping
05 | Installation

- Cost Effective
- Fast Installation
- Taylor-Made
- Flexible for Relocation
- Minimal Maintenance

INTEGRATED SOLUTIONS ENGINEERED IN GERMANY

We offer comprehensive insurance that's valid in all states, allowing you to lease in peace knowing the lease terms are always met. We offer coverage no other company can provide for your protection, tailoring your policy to meet your needs.

Our insurance will increase your delivery speed and allow you to immediately issue proof of coverage to the lessee. The coverage can be easily incorporated into your lease agreement.

Since 1995, AIG’s exclusive modular insurance has protected lessors and lessees from lawsuits.

**AFFORDABLE**
Starting at just $15/month, you can get up to $1 million in coverage, protecting you and your lessee in case of bodily injury lawsuits. Monthly billing only charges for units leased as of the last day of the month.

RENAL IN REAL TIME

Alert's contract writing and reservation system gives you complete control over rental and sales inventory.

- Real-time status of rental fleet viewed by availability, usage, location or down.
- Graphical availability calendar.
- Drill-down to instant lifetime history.
- Rent what you sell and sell what you rent with just-in-time asset deployment.

Why is Alert EasyPro the best choice for hundreds of rental businesses, since 1976? We have the most in-depth features, best live support, and the best User's Group in the industry. Alert employs a dedicated programming staff (with a combined six decades of experience in rental!) and we stay up-to-date with the latest technology. We offer an annual release with comprehensive updates to enhance your profitability. Alert's dynamic Inventory Control System allows modular building rental operations to view and search inventory by enhancements such as garage door, handicap accessible, air conditioning, restrooms, etc.

Highlights of how Alert EasyPro enhances your profitability:

- Total business management including customer dashboard, credit analysis, complete accounts receivable, Purchase Order system, and integration with major accounting systems.
- Flexible billing including Cycle Billing, Mobile Credit Card, and recurring Credit Card Billing.
- Mobile suite includes Sign & Rent, Web Order Processing, Customer Portal, Mobile Inventory Manager, and Mobile Reports.
- Hundreds of standard reports, all convertible to Excel. Dynamic report writing process, including optional Dashboard Generator.
- Dispatcher Dashboard graphically shows all deliveries and pickups, and GPS integration with Fleetmatics.
- Development driven by the longest-running user group in the industry.

You believe in modular.
So do we.

Builder’s Partner provides capital to the modular home building industry.

We partner with builders and developers who share our vision of building affordable, quality homes.

Deal sizes from $500k to $20M.

We are a private finance company with significant capital ready to deploy for the benefit of the offsite construction industry.

- Capital available for residential development projects including: attached or detached single-family, multi-family, sub-divisions from 5 – 60 units.
- Acquisition of raw or entitled land in urban and suburban markets, including infill lots.
- We’ll partner with builders who are capital constrained. Distressed situations acceptable.
- Capital investments in operating companies focused on offsite construction: builders, factories and related businesses.
- Focused on opportunities in the Northeast, Mid-Atlantic and Southeast US.

Submit your transaction on our website at BuildersPartner.com or contact David Roover at:

---

WE INCREASE THE SPEED AND QUALITY OF YOUR PROJECT WHILE REDUCING RISK! HERE ARE SOME OF THOSE AREAS:

- Unparalleled Modular Experience – greater than 5 million feet modular constructed.
- Modular production schedules delivered 99.9% on time.
- Modular construction reduces time vs. site-built by up to 50%.
- Team performance outlines driven by detailed context on construction process.
- Disciplined Learned Lesson’s process reduce your risk and contract costs.
- Scope of work details identify what is and is not your scope.
- Modular Construction eliminates on site labor by up to 75%.
- 37 plants to fulfill housing needs- reducing your total materials costs.
- Smarter “go to market” system reducing overall contract costs.

MANUFACTURING PLANT
IN HOUSTON, TX

For over 40 years, Dickson Furniture has been manufacturing durable and stylish furniture for the student housing, hospitality, and modular construction industries. With custom design, customer satisfaction and reliability as top priorities, Dickson Furniture is the only choice.

MADE TO LAST. MADE TO ORDER.

DICKSONFURNITURE.COM | INFO@DICKSONFURNITURE.COM | 346-204-4320
Custom Designs Factory Built

Speciating in Modular Solutions
- One & Two Story Residential
- Affordable Housing
- Multi-Family Apartments
- Town Homes
- Hotels / Hospitality
- Student Housing
- Nursing Homes
- Steel and Wood
- Panelized
- Set Crew Team

Experience Builder
- Fully Licensed, Insured and Bonded
- Build-it-Back Approved Contractor
- 20+ Years of Experience
- Importer of Construction Products
- Panelized – Engineered Curtain Walls
- In-House Architect Partnership
- Network of Licensed Subcontractors
- Gary Allen Finishing Team

GAMH Objective:
One of the Tri-state areas premier modular and penalized construction managers and GC’s, Gary Allen Construction provides its customers with a top-quality custom residential home or commercial building with limitless design opportunities at an affordable price on time on budget every time!

Gary Allen Modular construction makes us Greener, Faster, Smarter, Period!
The factory controlled process utilizes untainted building materials, generates less waste, and creates fewer site disturbances. This process also allows simultaneous construction on site, ie: demo, foundation, and excavation work, thus shortening construction schedules while reducing weather delays allowing projects to be completed in potentially half the time of traditional construction. This process creates a safer work environment in the factory and on-site. Period!

Contact The Mod-Squad. We are here to serve all your building needs!

Flawless – Just As You Intended

Build walls faster by consolidating your process. With DensElement® Barrier System, an application step is eliminated, cure time is eliminated and labor is optimized – adding up to increased factory output. By filling microscopic voids in the glass mat and gypsum core via AquaKor™ Technology, a hydrophobic, monolithic surface is created that blocks bulk water while retaining vapor permeability. With the WRB-AB integrated, it’s protected from damage during transport.

Future Up. Visit DensElement.com

ONE-STOP SOLUTION FOR
ARCHITECTURAL PANELS

Expand your design capabilities

- Reduce on-site installation cost
- Improve on-site quality
- Durable and long lasting
- Easy to install

Installation by carpenters or standard contractors, no mason needed.
- Large variety of Brick, Stone, Wood and Stucco Options available
- Offer your clients instant curb appeal with these new design capabilities

Two Innovative Product lines:

**URESTONE**
- Made from Durable Composite
- Large 4x8 Panels
- Light Weight
- Available in Brick, Wood and Stone
- Wainscot Series with built in Ledger.

**STUCCO CLAD**
- Wide range of design options
- No Specialty Contractors Needed
- No multi-step Installation Process
- Custom Colors Available

Available in:
- Textured Finish
- Smooth Finish

For Free building design guide and samples contact:
angela@repunlimited.com
636-373-2524

Pre-fabricated elements insure a fast and economical installation and more importantly quality appearance and long term performance.

Custom versatility. Off-the-shelf convenience.

The innovative MMHC hinged roof connector makes it easy to build a stick-frame roof in the modular factory that can fold flat during shipping. It’s been tested and load rated in multiple directions. The MMHC can be installed on one or both sides of the roof-rafter assembly.

Looking for innovation in modular building? Visit our website at go.strongtie.com/modularbuilding or call us at (800) 999-5099.

THERE IS SIMPLY NO GREATER TO REACH KEY PARTNERS IN THE OFFSITE CONSTRUCTION INDUSTRY!

The Offsite Construction Expo offers a focused presentation of the abilities of offsite construction across all markets.

It features exhibits from offsite construction contractors, traditional contractors that have integrated offsite methods, offsite factories, transportation companies, architects, engineers, BIM suppliers, materials suppliers, and consultants of all types of offsite construction processes.

I Found A Better Way To Heat And Cool This School!

Teaching and learning can be difficult in classrooms that are uncomfortable and have inadequate fresh air. So we went to Bard - The experts in school climate control solutions for over 40 years. The result: Individual classroom temperature and humidity control, fresh air from patented ventilation technology, reduced energy costs, quieter operation and dependability we can trust.

Comfortable students, Happy teachers.
Bard Climate Control Solutions.
Yes, It’s That Simple!
