

Partners in Education (PIE)

Corporate Expression of Interest

Modular Building Institute (MBI) through its educational foundations the MBI Educational Foundation (MBIEF) and MBI Canadian Foundation (MBICF) will partner with institutions of higher learning.

Modular PIE is an initiative of the MBIEF and MBICF to connect the modular industry and professional schools of architecture, engineering, and construction management in North America for the purpose of:

1. Advancing education in modular design and construction for the uptake of permanent modular in the building sector; and
2. Engaging students in modular to provide educated employees and end users to the industry.

The intent is to match MBI member sponsors with schools based on proximity. Where the location matches are not feasible MBI members will be matched with schools as appropriate on a case-by-case basis. MBI members participate in the program by providing services such as factory tours, guest speakers, and financial support.

| Level | Gold (exclusive 1 / school) | Silver (max 2 / school) | Bronze (max 4 / school) |
|--|--------------------------------|----------------------------|----------------------------|
| Scholarship | \$2,000/yr | \$1,000/yr | \$500/yr |
| Internships | 2 students | 1 student | 1 student |
| In kind | 20 hrs/yr | 10 hrs/yr | 5 hrs/yr |
| Instructional Support | \$5,000/yr | \$2,500/yr | \$1,250/yr |
| Administrative expense /foundation support | \$1,000/yr | \$500/yr | \$250/yr |
| Travel Stipend to annual industry conference | \$2,000 | \$1,000 | \$500 |
| Total Sponsorship | \$10,000/yr | \$5,000/yr | \$2,500/yr |

Our company is interested in obtaining additional information and learning about how we can partner with a school. I understand that by providing this information, I am only expressing interest in learning more about the program, with no commitments or obligation, and I will be contacted by a representative of the MBI to further discuss the program.
