CANCELLATION OF CONVENTION AND TRADE SHOW: If MBI should be prevented from holding the convention and/or trade show by reason of any cause beyond its control such as, but not limited to, buildings, riots, labor disputes, acts of government, terrorism, or acts of God or if it cannot permit an exhibitor to occupy the space due to causes beyond its control, MBI has the right to cancel the convention and trade show with no further liability to the exhibitor other than a refund of space rental, less a proportionate share of exhibit expenses.

11. RESTRICTIONS ON USE OF SPACE: No exhibitor shall sublet, assign, or share any part of the exhibit space without the written consent of MBI. Solicitations or demonstrations by exhibitors must be confined within the bounds of their assigned space. Aside space shall not be used for exhibit purposes, display signs, solicitation, or distribution of promotional materials. Exhibits, signs, and displays are also prohibited in any of the public areas or elsewhere on the premises of the meeting facilities or in the guestrooms or hallways of the hotel. Operation of sound devices is allowed if the exhibitor complies with exhibit management discretion on volume. Any firm or organization not assigned exhibit space will be prohibited from soliciting business at the exhibition.

12. CONSTRUCTION OF EXHIBITS: Exhibits shall be constructed and arranged so that they do not obstruct the general view of any other exhibit. No side wall higher than 36 inches may extend more than four feet from the back wall. No display material exposing an unfinished surface to neighboring exhibits or aisles will be permitted. Exhibitors wishing to use other than standard booth equipment, signs, or materials that in any way conflict with regulations must submit two copies of a detailed sketch of the purposed layout at least 45 days prior to the exhibition and must receive written approval from exhibition management.

13. CARE OF EXHIBITS: Nothing shall be posted on, nailed, screwed, or otherwise attached to columns, walls, floors, or any parts of the buildings or furniture. Distribution of promotional gummed stickers or labels is strictly prohibited. Any property destroyed or damaged by an exhibitor must be replaced or restored to its original condition by the exhibitor or at the exhibitor’s expense.

14. FIRE REGULATIONS: All fabrics and other materials used for decorative purposes must be flameproof. Each exhibitor must have a certificate showing that display material has been treated by a fireproofing compound approved by the appropriate city agency. All packing must be flameproof. Merchandise must not be packed in paper, straw, or excelsior. Any merchandise packed in inflammable material cannot be brought into the show. All electrical equipment must be UL approved and must be wired in accordance with the rules of the local Board of Fire Underwriters. All empty cartons and/or crates must be removed from the exhibit hall. Local fire department regulations relating to exhibits and supplied to each exhibitor will be strictly enforced and are part of the exhibit contract.

15. INSURANCE: All exhibitors and their authorized decorators are strongly urged to obtain insurance coverage against damage or loss, and public liability insurance against injury to the person and property of others. Exhibit management will not be responsible for losses resulting from acts of any party other than MBI.

16. LOSSES: Management shall bear no responsibility for damage to exhibitor property or for lost shipments either arriving at or departing from the exhibition, nor for moving costs. Damage to such property is exhibitor’s own responsibility. If an exhibit fails to arrive at the exhibition, exhibitor is nevertheless responsible for the exhibit space rental fee. Exhibitor is advised to insure against these risks.

17. SECURITY: Peripheral security guard service is provided by exhibit management. However, it is the responsibility of each exhibitor to protect display material from loss or damage. Please be certain that all small display and personal items are secure before leaving the display, even temporarily.

18. SAFETY: Shielding from chips, sparks, strong lights, moving machinery, smoke, or railings must be placed around or on any projection or other objects where attendees could injure themselves. Machinery, operating equipment, and other objects which might cause bodily harm must be adequately safeguarded. Management shall assume sole judgment authority on the adequacy of safeguarding show and barriers. No storing of inflammable material is allowed behind any back wall or between two back walls.

19. UNIONS AND CONTRACTORS: Exhibitors agree to abide by the rules and regulations concerning local unions having agreements with the exposition facility or with authorized service contractors employed by exhibit management. Only the official contractors designated by exhibit management will be permitted in exhibit areas, unless authorized by exhibit management.

20. REMOVAL OF EXHIBITS: All exhibits must remain fully intact until the exhibition has officially ended. Damage or decay may disqualify an exhibit from consideration for the exhibit hall or in the event of weather or any other reason. Exhibitors wishing to remove their exhibits after the close of the exhibit period must make full payment in the refusal to management to accept or process exhibit space applications for subsequent exhibitions. Exhibits must be removed from the exhibition premises by the time specified in the Exhibitors Manual. The exhibit must be picked up on the last day of the show. Exhibitors are responsible for the exhibit space rental fee and for restoration of the property as it may deem desirable without any liability to MBI.

21. AMENDMENT TO RULES: Any matters not specifically covered by the preceding rules shall be subject solely to the discretion of show management. Management shall have full power in the matter of interpretation, amendment, and enforcement of all said rules and regulations, and all such interpretations and amendments when made and brought to the notice of exhibitor shall be and become part hereof as though duly incorporated herein and shall be subject to each and every one of the terms and conditions herein set forth.

22. COMPLIANCE: Exhibitor for itself and its employees, agents and representatives, agrees to abide and comply with these rules and regulations, including any amendments that exhibit management may make from time to time. Exhibitors further assume all responsibility for compliance with all pertinent laws, ordinances, regulations, and codes of duly authorized local, state, and federal governing bodies concerning fire, safety, and health, as well as the rules and regulations of the operators of and/or owners of the property where the exhibition is held.

ABOUT MBI

Founded in 1983, the Modular Building Institute (MBI) is the international non-profit trade association serving modular construction. Members are manufacturers, contractors, and dealers in two distinct segments of the industry - permanent modular construction (PMC) and relocatable buildings (RB). Associate members are companies supplying building components, services, and financing.

OUR MISSION

As the Voice of Commercial Modular Construction™, it is MBI’s mission to expand the use of offsite construction through innovative construction practices, outreach and education to the construction community and customers, and recognition of high quality modular designs and facilities.

OUR GOVERNANCE

MBI is governed by a Board of Directors consisting of a minimum of ten persons elected by and from the regular and associate membership.

Committees are formed by volunteer members of the Board of Directors and may include members at large. These groups focus on short term, specific needs of the Association and membership, generally responding to emerging issues and trends.

FOUNDATIONS

The MBI Educational Foundation and the MBI Canadian Foundation were established specifically to provide educational opportunities in the form of training, research, and scholarships to individuals with an interest in commercial modular construction. The foundation began in 2001 with a generous $100,000 gift from Barry & Mary Gossett. Mr. Gossett is an industry veteran, member of the MBI Hall of Fame, recipient of the MBI Outstanding Achievement Award, and esteemed friend to many modular building professionals. Since their beginning, the foundations have trained thousands of industry professionals, awarded several student scholarships, and spear-headed invaluable industry research.

MISSION

The mission of the foundations is to expand opportunities, increase awareness, and foster growth in the commercial modular construction industry by supporting research and development, providing scholarships for students, and developing partnerships and alliances with complementary organizations.

If you are interested in supporting MBI Educational Foundations of the US and Canada with a tax deductible gift, please contribute online at mbifoundation.org or call 888-811-3288 toll-free.

The foundations are registered nonprofits/charities in the US and Canada. All gifts are tax deductible. If you have any questions about MBI, the Educational Foundations, or how to donate, please contact us via email: steven@modular.org or call 888-811-3288.
GLOBAL ALLIANCES

In an effort to share best practices, learn more about international markets, and expand opportunities for members, MBI took the lead to develop an alliance program and entered into agreements with three similar regional organizations.

The **Modular Building Industry Association of Australia** is an incorporated association representing and supporting companies that manufacture and build, or own and hire fleets of transportable modular buildings in Australia.

www.mbiaa.com.au

Founded in 1938, **Modular & Portable Building Association of the U.K.** plays a key role in connecting all sectors of the modular and portable building industry. MPBA is the oldest and most established organization representing the industry in the United Kingdom.

www.mpba.biz

**PrefabNZ** is the hub for pre-built construction in New Zealand. PrefabNZ is passionate about how prefabrication can offer innovative high-quality buildings on time and within budget. PrefabNZ is a self-sustaining non-profit incorporated society representing the interests of a wide range of stakeholders in the design and construction sector: from clients to designers, specifiers, manufacturers, contractors and government.

MBI continues to reach out to other organizations, agencies, and academic institutions in an effort to further grow the market.
