The SOLICITATION is amended as follows:

1 SECTION 01 10 00 – STATEMENT OF WORK:

- a. Paragraph 1.0 Project Objectives, sub paragraph 1.1.1 has been changed as follows: Delete the strikethrough words.

It is the Army's objective that these buildings will have a 25-year useful design life before a possible re-use/re-purpose or renovation requirement, to include normal sustainment, restoration, modernization activities and a 50-year building replacement life. Therefore, the design and construction should provide an appropriate level of quality to ensure the continued use of the facility over that time period with the application of reasonable preventive maintenance and repairs that would be industry-acceptable to a major civilian sector project OWNER. ~~Modular construction is not acceptable.~~ The site infrastructure will have at least a 50-year life expectancy with industry-accepted preventive maintenance and repair cycles.
